Greetings Brothers and Sisters,

June 7, 2017

We have come to the end of another school year, which was one of the most challenging in many years of our careers here in PGCPs. We have also lost many of our brothers and sisters along the way, we would like to take a moment of recognition for those who have passed away and those who have retired.

We are looking forward to an exciting new school year (2017-2018) with more activist in place and ready to mobilize when needed. We have improved communication with our members on items of importance. Now a NEWSFLASH or NEWS LETTER will be sent out every month with updated information of events and important information that will directly impact our members.

Please check out your website at, www.ace-afscme.org and keep up with what is happening in your Union and how you can get more involved.
